Ladies Golf

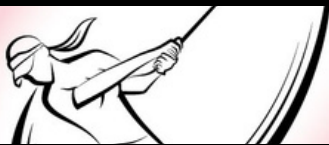

🧩 What a puzzling night! The Ladies Member-Guest was another big hit, and we have to give a huge shoutout to Mary Pat Garland and her crew for planning all of the fun! ❤️

🧩 The ladies put their puzzle-solving skills to the test with a fun-filled evening of golf, games, laughter, and plenty of friendly competition. From start to finish, it all came together perfectly!

🍴 A special thank you to Scott Schlegal for cooking up the dinner! His ribs, cheesy potatoes, and green beans were a HUGE hit! 🙌🔥

🎉 We're already looking ahead to our final Ladies event of the year! Join us Tuesday, September 22nd for "Bye Bye Birdie" 🐦👗. Let's wrap up the season with one more fun evening together!

📝 Be sure to sign up in The Creek and come celebrate another great Ladies season with us!

Signature Series #4

**Legacy at the Creek
Sunday, September 13**

We'll wrap up this year's Signature Series with a format we've never played before at Indian Creek — a One-Person Best Shot.

Players will compete individually over 18 holes and will be grouped in threesomes for pace of play. On every shot, each player will hit two balls, choose the better result, and continue from that spot. The same process continues until the ball is holed.

In simple terms, it's a two-person scramble — except you are your own partner. The event will be scored as a net competition using 70% of each player's Course Handicap, with separate Men's and Women's Divisions.

Entry Fee: \$10 per player

Players may begin their round anytime between 8:00 and 9:00 AM.

This will be a fun, different way to close out this year's Signature Series. With two chances at every shot, everyone gets a shot at posting a great number and finishing the series on a high note.

Special thank you to Scott Berntsen!

Another pool season is in the books, and this may have been our best one yet!

A very special thank you to **Scott Berntsen!**

Scott is a **volunteer Certified Pool Operator**, along with Ryan, and he puts in an incredible amount of work to keep our older pool running the way it should. He is there every morning checking the water, balancing chemicals, brushing, vacuuming, backwashing, cleaning filters and the chlorinator, handling acid and other chemicals, and taking care of whatever else needs attention.

The water quality and pool chemistry this summer may have been the best we have ever had, and Scott deserves all the credit for that.

Most members never see everything that goes into keeping the pool running each day, but Scott is there doing it all summer long.

Thank you, Scott, for everything you do for Indian Creek!
